

Specification

Simple System

The Overhead Exhaust Extractor shall be the type supplied by Nederman, Inc.

The Overhead Exhaust Extractor shall be available in single- and double-hose configurations.

The assembly shall consist of one or two sections of Nederman Exhaust Extraction hose, rated for continuous use at 300°F, a cast aluminum connection swivel, a tubular steel mounting bracket, and a nylon hose suspension strap.

The cast aluminum swivel shall connect to 6" round ductwork, and shall also provide for optional direct mounting of an appropriate fan assembly, without interconnecting ductwork.

All parts of the Overhead Exhaust Extractor shall be warranted against defects in material and workmanship for a period of one year from the date of shipment from Nederman, Inc.
